

Introducing "The Club"

The "Club" is a North Florida Junior Golf Tour initiative which will identify outstanding performance of NFJG TOUR players with a goal of creating competitive excitement, establishing personal goals, game improvement planning and rewarding individual achievements.

The CLUB is simple in nature and consists of low round standings which will identify the lowest round for each player within the NFJG TOUR regardless of division, age or gender (with the exception of the Foundation Tour which will be a Club within itself).

The Rising TOUR and Elite TOUR Clubs will be broken down and identified for all Boys and Girls as the:

60's Club

70's Club

80's Club

The Foundation Tour Club will be broken down into three clubs and will be identified as the:

30's Club

40's Club

50's Club

The goal for each NFJG TOUR

Player will be to achieve the lowest possible round throughout the year.

Each individual achievement will be recognized on the "Club Board" which will be displayed at all NFJG TOUR events and on the NFJG Foundation Website.

The Club Board will show the achievement and the improved growth of NFJG Players throughout the year.

Once a player reaches one of the identified club levels, the goal would then be to attain the next lowest club level. This is where goal setting and game improvement strategies and personal drives to build a solid structure will be put into

place and the evaluation of how to achieve the next level will begin.

At the end of each season NFJG TOUR players in each Club will compete in an event called "**The Club Championship**" against each player within that specific CLUB regardless of age, gender or division.

A player whose name appears on more than one Club Board will compete in the lowest Club achieved.

Players will compete from their respective tee box to determine the overall Champion of each respective Club.

Special Prizes will be awarded to the leader of each club and to each Club Champion.

Updated: June 26, 2014

Special points of interest: to lower scores

- Practice with a purpose—Develop Structure—it's better to hit 10 quality shots then hit a bucket of balls, just to hit them.
- Putt when you can, chip when you can't putt and only pitch when you have to
- Never start a ball over trouble unless you absolutely have to
- 90% of all shots around the green will be from within 10 yards of the green
- Learn the 10 yard, 30 yard, 50 yard and 70 yard shot with a pitching wedge
- Putting will be the difference!
